“Uncompromised teaching”

*Sanskrit teaching by Vyoma has helped me in clearing Surasaraswathi Sabha Prathama Exam, I am continuing for Dwitiya and Tritiya. Also learned Bhagavad Gita and Shri Vishnu Sahasranama chanting. I regularly (once per week) chant Shri Vishnu Sahasranama from past one year. My spiritual journey has started because of Vyoma. Almost all courses are free of charge, **teaching is never compromised**. Teachers are highly qualified, presentations by teachers are simple. Most important point is, all students have access to class recordings. Knowledge is tested by internal assessments*

“Content, method, pace & variety”

The valuable service being rendered by Vyoma Labs and for the benefits I have received. Sanskrit learning, which is a serious pursuit, has been made possible in a manner that is very convenient and interesting. The emphasis on using Sanskrit as the medium of teaching is an excellent feature of the courses. This is the best way to learn a language. The Sanskrit that is used to teach is simple and clear. I like the quality of teaching in terms of content, method and pace, the variety of courses and access to courses that one does not attend real-time. Wishing vyoma all the best

“Benefits all age groups-from kids to grandparents”

*My children are really enjoying the Sanskrit online courses by Vyoma. It is a well planned and arranged learning path and programs, courses are very easy to learn and understand and prepared for all ages from kids to grandparents. Overall, my family really likes online courses provided by Vyoma because **all gurus come from immense knowledgeable backgrounds**. I would proudly say my children read, write, and speak Sanskrit fluently with guidance and encouragement provided by Vyoma courses like **High School Sanskrit Grammar and Science of Sanskrit Sentence Construction**. Beyond that they completed memorization of Bhagavad Geeta and completed 18 chapters. Venkatesha Suprabhatam, Shree Raghuveer gadyam, Vishnu Sahasranama Stotram, learn to chant Mukundamala and they have completed many other courses offered by Vyoma. Thanks to Vyoma for providing such a **wonderful and highly influential platform** to learn about our Indian culture and dedicated to Samskrtam, Samskrti and Samskara. recommend everyone in India and globally take advantage of the courses offered by Vyoma and be really happy. “Namaskarams to Acharya”

First of all thank you for offering such a wonderful course and lighting the lamp of knowledge to the samskritam lovers. Respected Acharyaa Deepa Rangarajan's way of teaching and her personality is the outcome of learning samskritam. She is very patient, precisely clarifying all of the doubts and most of my long time doubts were greatly clarified before I asked which gives great satisfaction and happiness. She greatly encourages the students to participate and correct our mistakes without changing the smile.

Thanks a lot for promoting this course and feeling very proud of having her as my teacher in my life. Kindly bless me to obtain more knowledge in samskritam. This is the best resource to learn samskritam from my mother tongue Tamil.

Teachers

“Meaningful teaching experience”

I was very happy and grateful when I got an opportunity in 2021 to serve as a teacher in this esteemed organisation. I see that as an organisation, Vyoma has positioned itself in a unique role of serving as **an effective bridge between the students and the teachers** and has continued to stay true to this spirit without straying off course. I say this because it strikes a **very good balance between having guidelines and frameworks** to ensure the delivery of quality content and granting sufficient freedom and flexibility for the teacher to choose their own topics of interest, presentation styles and evaluation strategies. I think that teaching in Vyoma has served to boost my confidence as a teacher as it gives me a meaningful teaching experience. I am immensely thankful for all the efforts put in by the Vyoma team in ensuring such an enriching experience for both teachers and students alike.

“Humbling and inspiring”

“Perfect Ecosystem to learn and teach samskritam”

I experienced great joy and fulfilment while teaching at Vyoma. It's been a wonderful journey with Vyoma as a teacher for a couple of years now and I look forward to many more. Learning gets amplified when we start to teach! I believe “One who dares to teach should never cease to learn” — and in this regard, Vyoma is a great repository of knowledge, and there are various courses that I've enrolled to learn too. In this way, it's a perfect ecosystem for anyone aspiring to learn and teach Samskritam and spread the joy of learning the same. Learn samskritam and be really happy is not just a statement but a life changing mission, and I count myself fortunate enough to be part of this mission. On this occasion of 10th year anniversary, I congratulate the entire Vyoma team for achieving this milestone and wish the best in continuing this noble and quality service to the mankind. स्वस्त्यस्तु सकलसन्मङ्गलानि सन्तु ॥

“Teaching@vyoma = offering a flower to the Lord”

Teaching at Vyoma is not just another job, it is the feeling, of becoming an Acharya. Those few hours of live teaching, inculcate a sense of higher purpose and greater responsibility within me. For I need to keep in mind that the words I say may be absorbed by a small child of 4 years and even an old wise man of 80. Therefore, this exercise of teaching makes me vigilant and disciplined. It makes me conscious of the impact I may have on others. Finally, it makes me a loving person. I've learnt in Vyoma that when we love our students first and then teach them, they learn better and become greater individuals. I also learnt that offering a course to the mankind is like offering a flower to the Lord. This taught me to see god in each and every person.

“Dream SSS organisation”

My volunteering with Vyoma started in 2019. I was drawn to Vyoma's core values of Sanskritam, Sanskriti and Samskara. As a volunteer who had time restrictions, I was able to lend a helping hand in some of the basic tasks. Seeing the enthusiasm of all the teachers and students itself is a great reward for volunteering. I sincerely thank Venkat Mahodaya and Sowmya Mahodayaa for the opportunity to be a part of Vyoma's journey. I pray to Bhagvan that Vyoma achieves all the aspirations they have set and hope that I can contribute in a small way to their success.
