The need to prepare separate teaching material is gone. We just ask the students to look at the lessons in the app and do the exercises. This prevents any distraction by social media. ## Experiencing prāṇāyāma benefits while Sanskrit chanting shlokas

“

# Sanskrit is an universal intervention which can operate at all layers of Human existence (known as Pañcakośa)

- i. Generation of positive hormones (+ve impact on Annamayakośa),
- ii. Obtaining 'breath-benefits' by listening or chanting of Sanskrit verses (Prāṇamayā),
- iii. Sharpening of memory, focus and concentration (Manomaya),
- iv. Learning the nuances of Music, Dance, Science, Mathematics through ancient knowledge (Vijñānamaya) and
- v. Finally getting the Ānanda – Permanent/Real Bliss

these are just a few benefits which make Sanskrit as a Universal medicine

Attendees of 'Power of Sanskrit' lecture series at various locations in USA

## The only true-real-knowledge to give real happiness

What is Knowledge?

1. That which gives humility – या विनयम् ददाति, सा एव विद्या
2. That which liberates us – सा विद्या या विमुक्तये

Sanskrit based Sanātana Vidya is the only Vidya which satisfies both above definitions. All other knowledge seem to increase pride and bondage.

Thanks to Vyoma in helping us learn this Vidya anytime, anywhere, authentically.

Dr. Rama Shankar, Dixon, IL, USA

Pathologist, Yoga & Sanskrit Teacher and Student

## Gained ability and confidence to read Sanskrit texts very well

“

Learn to Chant Bhagavad **Gītā** is a package in itself; with this webinar, my pronunciation of akṣara has improved, even my chanting ability has improved. I am able to read Sanskrit text well. All credit goes to this session. I look forward to this session every Saturday...”

## Rigour in memorization of Amaraḱośa

Memorising Amaraḱośa has been one of the most enjoyable and useful things I've done.

The 'learn to chant Amaraḱośa' class, has helped consolidate & improve what I've previously learnt, and motivated me to continue onwards with more rigour.

MS Angela Herscovitch, Sydney, Australia

Student attending Learn to Chant Amaraḱośa

## Learnt the technique for memorizing

For the first time in my life, I learnt how to memorize i.e., using our fingers, memorizing 5, 10 and 20 sutras in order. That has really helped me memorize the Aṣṭādhyāyī so far.

I truly appreciate the tremendous effort made by Vyoma Labs and Ashtadhyayi.com in putting together 'Learn to Chant Aṣṭādhyāyī' webinar and other classes and recordings etc.

Ms. Shashi Gowda, Houston, USA

MS Computer Science, MA Psychology

## Best place to prepare for Sanskrit Examinations

“Vyoma courses are like a Kāmadhenu, a wish-fulfilling cow for anyone wanting to delve into a majestic ocean of Sanskrit.

If you are preparing for any Sanskrit exam, Vyoma-Saṃskṛta-Pāṭhaśālā, offers some of the most well-laid out, systematized courses that can help you create a very strong foundation for all your Saṃskṛta needs.

This has been mine and many of my friends' experience from the MA program in Pune.

## Great Happiness while enjoying the Vedantic talks of my Swamiji

“

Extremely pleased with high calibre teacher, materials, presentation, passion and patience. With the knowledge of Sanskrit I have acquired from Vyoma, I am enjoying the talks of our Swamiji. At times, I feel an emotion of happiness & joy with this learning. I have been recommending and would recommend Vyoma-Samskrta-Pathaśālā to anyone who is serious about Sanskrit – the language that will connect one with our scriptures.

Got extra-ordinary inspiration, and have started writing my own Rāmāyaṇam

It is famously written in our childhood stories in Chandamama that Bhoḷa used to be a such a great scholar that anyone who sees his face, they automatically start reciting poetry whether they are poets or not! That being the case, what about people who are fortunate to read and study his poetry! At least those stories proved to be correct in my case. Attending this course, have started writing my own Rāmāyaṇam. Thanks to Vyoma
