

Vyoma Linguistic Labs Foundation

Position and role: Senior Linguist

Reporting to: Chief Linguist Scholar

Interfaces with: Technology, Publications, Teachers, Volunteers

Overview:

We are seeking a skilled and dedicated Senior Linguist to join the Vyoma Linguistic team. In this role, you will be responsible for conceptualizing, researching, designing, and reviewing content for various courses and publications. The ideal candidate will possess a strong background in Sanskrit language and grammar, experience in teaching language courses at pre-paninian levels, a keen eye for detail, and the ability to deliver content that meets the highest standards of accuracy, authenticity, and presentation.

Roles and Responsibilities:

1. Course Content Development:

- Develop presentations, exercises and other course materials for courses delivered by teachers of the Vyoma team, ensuring alignment with the principles of Samskrita Samskriti Samskara.
- Carry out research and literature study required to ensure depth and authenticity of content.

2. Publication Content Creation:

- Create content for publications based on source texts like Ramayana, Bhagavata and other texts of Indian Knowledge System and based on authentic Sanskrit commentaries.

3. Review of course content and publications:

- Review content prepared by linguists for various courses and publications, to ensure adherence to standards of accuracy, formatting and presentation.

Key result areas:

- Develop error-free content adhering to process, quality, timelines and standards.

Eligibility

- Post-graduate degree or PhD in Sanskrit with at least 2 years of experience in teaching / research / publications. Candidates with a post-graduate degree in Shaastra-s would be preferred.
- A strong base in basic Paninian grammar is essential.
- Strong skills of grammar and sentence construction.
- Ability to write & converse in simple, standard Sanskrit.

Skills Required:

- Sanskrit typing
- Use of OCR, AI and other tools for Sanskrit
- Content development using Powerpoint, Word, Excel and other tools
- Proofreading with eye to detail and accuracy
